

AquaBeads[®] X

Proprietary Gel Beads for Feed Attractant Top-Dressing and Hydration Supplementation Applications

AquaBeads[®] X are a ready-to-use, high-moisture gel bead designed for application as a top-dressing to starter feed at the time of placement to accelerate early discovery of feed and water for improved health and growth performance.

Early Discovery of Feed and Water

The sooner hatchlings discover and start consuming feed and water at placement, the quicker their digestive and immune systems will develop and provide a foundation for strong growth.

The key metrics for poultry producers for early performance—7-day mortality, body weight, gut development, disease resistance, overall livability—are positively impacted by proper hydration and nutrition provided by early access to feed and water.

Clearly Better Quality

- **Nutritional Hydration** – Water gel beads enhanced with electrolytes and betaine to provide both hydration and nutrition supplementation.
- **Highly Attractant** – Translucent green color stimulates hatchling attraction to accelerate feed discovery.
- **Contaminant Free** – Commercially sterile and independent laboratory tested.
- **Quality Assurance** – Produced in an FDA approved and SQF certified facility with Certificates of Analysis available at www.clearh2o.com.

Clearly Better Convenience

- **Ready-To-Use** – No measuring, mixing, or addition of water needed for easy, clean, and convenient administration.
- **Packaging** – 34 lb pail (60 pails/pallet)
- **Shelf Life** – 12 months at room temperature. No refrigeration required if unopened.

Magnesium	0 mg

Ingredients

Purified Water, Glucose Syrup, Hydrocolloids (Sodium Alginate, Xanthan Gum, Locust Bean Gum, Carrageenan), Preservatives (Citric Acid, Potassium Sorbate, Sodium Benzoate), Modified Food Starch, Betaine Anhydrous, Turmeric Extract, Spirulina Extract.

Instructions

- Apply as a feed top-dressing at a rate of 1-2 grams/hatchling/day at the time of placement.
- Applications may range from 1-3 days depending on hatchling and environmental conditions.

Shelf Life

12 months at room temperature. No refrigeration or special handling.

Clear H₂O[®]

Company Information

ClearH2O is committed to advancing animal research and agriculture with more effective and ethical hydration, nutrition, and medication delivery solutions utilizing our proprietary gel technology. Made in our FDA approved facility, ClearH2O products are formulated with purified ingredients and highly palatable to optimize consumption. The ready to use, convenient product format with long-dated, room temperature shelf stability helps animal researchers and producers improve the health and welfare of their animals while optimizing research and productivity outcomes.
