

DietGel[®] 93M

Purified Complete Maintenance Diet

DietGel[®] 93M is a complete maintenance diet containing a full spectrum of vitamins and minerals. Formulated with purified ingredients and modeled on the AIN 93M diet, it is flavor enhanced to promote consumption.

Delivering Solutions

- Superior alternative to mash diets
- Reduces time and labor
- Recommended for aging mice, cancer models, and malocclusions

Delivering Quality

- Sterile inside and out
- Tyvek[®] medical packaging
- E-Beam irradiated
- Purified ingredients exclude phytoestrogens and nitrosamines
- Complies with quality standards as tested by an independent laboratory
- Certificate of analysis by manufactured lot
- Individually coded with lot and date of expiration

Instructions

- To be administered under the direction of a veterinarian
- Manufactured for use in research animals
- Dosage: 1 cup is designed for 5 mice over 2 days based on average size and consumption. Monitor intake.
