

# Refuel compromised animals with **DietGel<sup>®</sup>** Recovery

## **Like Gatorade<sup>®</sup> for Rodents**

DietGel<sup>®</sup> Recovery provides essential hydration, electrolytes and calories to help stabilize rodents after transport, surgery, or during illness.

## **Improve Survival, Shorten Recovery Time**

Used widely for post-operative care, DietGel<sup>®</sup> Recovery promotes fluid and energy intake when animals are most vulnerable.

## **Easy and Ready-to-Use**

Simply peel off the lid and place the 2 oz cup in the cage. The ready-to-use format saves time and reduces labor for your animal care teams.
